A GRAND REAL ESTATE SALE!!

IN

MERIDIAN, MISSISSIPPI,

BY

L. A. RAGSDALE!!

I will sell on EASY TERMS, FIFTY of the most elegant business lots and ONE HUNDRED AND SIXTY of the most desirable residence lots in the city of Meridian.

Meridian is no imaginary city. It has a population of about TEN THOUSAND SOULS, FIVE RAILROADS, with others projected. This is the center of the "Queen and Crescent system" composed of the Cincinnati Southern, The Alabama Great Southern and Vicksburg and Meridian with its Texas connection, The New Orleans and Northeastern, and here too the shops of this great system are located. This is the western terminus of the East Tenn., Virginia and Ga. R. R., and the Selma and Ohio crosses them at this point. We have already a manufacturing interest that gives assurance of this becoming at an early day one of the greatest manufacturing cities in the South, located as we are within a short distance from the great coal, iron and marl fields of East Mississippi and Alabama, with our superior facilities for transportation. We are at least, one hundred miles distant from any rival towns or cities, and in the heart of a splendid country, which yields abundant crops of every kind grown in the South, with spendid water and magnificent timber, and as healthful a location as can be found anywhere, with receipts of cotton that will average from 75,000 to 100,000 bales per annum, and with a number of business houses that now sell more than a million dollars worth of goods per annum, with splendid school facilities and twelve churches and ample banking facilities. The lots I offer have been reserved until the present. They, with nearly all the lands in Meridian, were purchased by me in the year 1860, when Meridian was a forest. The business lots I offer are located between Front street and the railroad depots, the railroad tracks so located as to be unload and load freight from the cars into the stores, when built. They are by far the most desirable lots in the city, and the best investment ever offered.

Meridian has reached that point from which she cannot recede. The interests are too varied, the trade too well established, the industries too numerous, the capital invested too great, and the confidence of her citizens in her future too strong, which with the prosperity of her business and professional men is an assurance of her great future.

FROM THE FEDERAL CAPITAL.

Correspondence MERCURY.

WASHINGTON, Dec. 21.—The Capitol has been the center of attraction during the week, and public interest seems to have been about evenly divided between the two houses of Congress. A notable feature has been that the audiences, which have filled the galleries, have been composed very largely of citizens of Washington. Staid business men, many of whom have not entered the Capitol by the ... years, have in the midst of holiday season, which precedes the ..., yielded to an irresistible curiosity to listen to the proceedings of Congress. But idle curiosity was not the sole impulse by which the members of so unusual an assemblage in the halls of Congress were actuated.

The Senate devoted most of its time during the week to a discussion of Mr. Hoar's bill providing for a Presidential succession. The bill, as passed on Thursday, provides that in case of removal by death or resignation or inability of both the President and Vice-President, the Secretary of State; or if there be none, then the Secretary of the Treasury; or if there be none, then the Secretary of War; or if there be none, then the Attorney General; or if there be none, then the Postmaster-General; or if there be none, then the Secretary of the Navy; or if there be none, then the Secretary of the Interior shall act as President until the disability of the President or Vice-President shall be removed, or until a President shall be elected. It is expected that this bill will be speedily passed by the House, and that the people of the country may never in the future be called upon to consider the disastrous results which would be likely to follow from any combination of circumstances which might deprive the government of its Chief Magistrate.

The alleged revolutionary proceedings in Dakota by which a so-called State Government has been formed, has also given its share of attention from the Senate, the question having been introduced in the form of a resolution offered by Mr. Butler, inquiring into the alleged organization of a State. An animated debate followed in which the advocates of the resolution insisted that the unauthorized proceedings were likely to bring about a conflict of authority within the territory, while the opposition declared that as the proceedings were unauthorized by Congress that no such thing as a State of Dakota existed, and the question should not receive the attention of the Senate.

A bill introduced by Mr. Mitchell on providing a pension of $5,000 per annum to the widow of General Grant, was passed by the Senate without debate.

During a discussion in the Senate of a bill reported by Frye, of Maine, providing a code of joint rules for the two Houses of Congress, a very animated discussion ensued upon the question of retaining Rule 13, which provides that no intoxicating liquors shall be sold in the Capitol. During the discussion Mr. Ingalls, of Kansas, created a sensation by sending to the desk a copy of the bill of fare of the Senate cafe. At the request of Mr. Ingalls the Clerk read aloud the wine list, with prices of the different brands. When one of the brands was announced as "bottled expressly for the United States Senate Cafe," the House was convulsed with merriment. The rule was finally adopted, after striking out a clause providing for a dismissal of clerks who should "connive at the use of liquors in the committee rooms."

A new departure has been taken by the Senate with regard to nominations sent in by the President. Hereafter all of the nominations will be printed in the Congressional Record, and in connection with the names the action taken by the Senate will be published in the Record. This plan is adopted as a matter of convenience that the Senate may know the names pending before it and the current action upon the nominations. The President has sent in the last of the nominations made during recess, and although no action as yet been taken, it is expected that few objections will be made to confirmations, upon purely partizan grounds, though there are some who think that the Republican majority will make all of the opposition possible without openly fighting the President.

The debate upon the proposed amendment of the House Rules has also received its share of attention from the public, and the seating capacity of the galleries was taxed to the uttermost during the progress of the discussion. A majority of the members favor a change in the Rules, though there are many who think that the appropriation bills should not be distributed, but that they should continue to be controlled by a single committee as heretofore. The advocates of the old rule, with reference to appropriations, insist that in case the bills are divided among the several committees that extravagant appropriations will be secured, while the opposition insist that in view of the increase in the business of the House that a proper consideration of appropriation bills, amounting in the aggregate to from $75,000,000 to $80,000,000, cannot be had, if they are intrusted to a single committee. The debate closed on Friday evening, and a vote being taken, the Morrison plan for a revision was passed by an overwhelming majority.

The fourth annual convention of the National Guard Association of the United States has been in session here during the week. The Association consists of five delegates from the militia of each. Eighteen States were represented during the meeting of the Association. The Association advocates the passage of Senator Sewell's bill increasing the annual appropriation for arms and ordnance stores for the militia from $200,000 to $600,000. A committee was appointed to urge the passage of the bill.

The holiday recess will commence to-day and continue for two weeks.

At the Great World's Exposition held in New Orleans, "Old Kentuck" was fully represented. Distillers of the famous whisky whose "mash grew" so luxuriantly on Kentucky's soil were there in full force and all competing for the grand prize. At the latest celebrated Nelson County Whisky was in the race and from the first was one of the favorites. Its backers were not disappointed. It ran from "west to east," leaving its competitors far in the rear and capturing the first prize—a gold medal—the only one awarded to Kentucky, or any hand-made whisky. Sold only by A. B. The announcement by the French commander in Tonquin that the caverns of the mountain districts afforded no protection to the "Black Flags" contains a ghastly suggestion. The Globe-Democrat recalls an incident of the French invasion of Algiers, which may throw some light on the Tonquin matter. The Algerian mountains abound in caves, and when the French army was conquering that country the caves were used by the natives, partly as fortresses and partly as hiding places for their families. When the French troops found a cavern so occupied, not wishing to run the risk of taking it by storm and not caring to waste time in starving the occupants into surrender, they brought loads of straw, dampened it, set it on fire and smothered the imprisoned wretches to death. Whether the same mode of warfare is employed in Tonquin is not yet known, but a grim suspicion attends the reported success of the French army in dealing with the so-called rebels in the Anam mountains.

The St. Louis Globe-Democrat says it has lately been discovered that away back in 1835, Congress passed an act, which was also incorporated in the Revised Statutes, providing that when an officer or private of the militia or volunteer corps shall die in the service of the United States, his widow and children shall be entitled to receive for five years half the monthly pay to which the deceased was entitled at the time of his death. If this law is still operative, regardless of later pension acts—and that is a question for courts—it is estimated that at least $50,000,000 will have to be paid under it to the families of those who died in the Federal service during the war of the rebellion.

The Clarion shows the average expense of a student at the A. & M. College is considerably less than one hundred dollars per session. It says that "during the session of 1884-'85, the averages ranged from $15.40 to $68.33, while six students paid their way and had balances of several dollars to their credit. The names of these students are: W. B. Stark, S. A Wilkinson, A. C. Watson, S. A. Morris, P. R. Whitney and W. C. Willborn. In the expenses are included board, lights, coal, medical fee, washing, books and furniture. There are 369 students now at the College—an increase of 78 on last session."

The Judge who decided in favor of the Prohibitionists in the contest of the Atlanta "wet" and "dry" election, is said to be a liberal consumer of the things which make drunk come. From this it is argued that the Judge must be an honest and fearless jurist, who decides the law, no matter how the result may affect his notions or appetite. Still we imagine that Judge McCoy will not miss a drink whether "wet" or "dry" prevail.—Chattanooga Times.

It is hardly worth while for Congressmen to pass a law to restrain themselves from meddling with government appointments. If they were opposed to it there is no law to keep them from letting that sort of business severely alone. Filling the offices with his strikers is the average Congressman's best hold.

There is a strong call on the Massachusetts Legislature to abolish the so-called "Fast day," which is appointed in every April. If the people need the holiday, they urge, call it a holiday, but they want to get rid of the pretense that a day set apart for base ball and the like is a "day of fasting and prayer."

The idea of one acting as a Senator, President of the Senate and President of the United States at the same time, ought to be sufficient to ensure the immediate passage of the Hoar succession bill, and put an end to the present illogical succession law.

The Aberdeen Examiner says Mississippi has three pages on the floor of the House this Congress, Masters McCardle and Swords, of Vicksburg, and Money, of Winona. "Three brighter or manlier little fellows," it adds, "would be hard to find."

Applauding and hissing, as evidences of approval or disapproval, seems to be based on a pretty good foundation. In Job, chapter 27, verse 23, we read: "Men shall clap their hands at him, and shall hiss him out of his place."

CONTAGIOUS

Diseases are Prevalent all over the World.

I am a native of England, and while I was in that country I contracted a terrible blood poison, and for two years was under treatment as an out-door patient at Nottingham Hospital, England, but was not cured. I suffered the most agonizing pains in my bones, and was covered with sores all over my body and limbs. I had vertigo and deafness, with partial loss of sight, severe pains in my head and eyes, etc., which nearly ran me crazy. I lost all hope in that country, and sailed for America, and was treated at Roosevelt in this city, as well as by a prominent physician in New York having no connection with the hospitals.

I saw the advertisement of Swift's Specific and I determined to give it a trial as a last resort. I had given up all hope of being cured, as I had gone through the hands of the best medical men in Nottingham and New York. I took six bottles of S. S. S. and I can say with great joy that they have cured me entirely. I am as sound and well as I ever was in my life.

L. FRED HALFORD.

New York City, June 12th, 1885.

BLOOD

Is the life, and he is wise who remembers it. But in March of last year (1886), I contracted blood poison, and being in Savannah, Ga., at the time, I went into the hospital there for treatment. I suffered very much from rheumatism at the same time. I did not get well under the treatment there, nor was I cured by any of the usual means. I have now taken seven bottles of Swift's Specific and am entirely well. It drove the poison out through boils on the skin.

JEAN LEAHY.

Jersey City, N. J., Aug. 7, 1885.

Two years ago I contracted blood poison. After taking prescriptions from the best physicians here and at Dallas, I concluded to visit Hot Springs, and on reading Texarkana a doctor recommended me to try Swift's Specific, assuring me that it would benefit me more than Hot Springs. Although the

POISON

had produced great holes in my back and head, and had removed all the hair off of my head, yet I began to improve in a week's time, and the sores began to heal, and were entirely gone inside of eight weeks.

BROWN'S IRON Remedy

IT IS A SPECIFIC FOR INDIGESTION, THE TEETH OR CONSTIPATE THE BOWELS.

This is nature's great restorer of health, and is the only preparation of Iron that combines all of its good qualities, without producing the unpleasant after effects which characterize all other preparations of Iron. It is pleasant and agreeable to the taste, and can be taken and retained by the most delicate stomach. It is the only preparation of Iron that will not constipate the bowels, or blacken and destroy the teeth. It is easily and readily taken up and assimilated by the blood and is, therefore, the greatest remedy known for

General Debility, Dyspepsia, Indigestion, Nervousness, Female Diseases, Scrofula, Chronic Rheumatism, Convalescence from typhoid and Malarial Fevers, and all Diseases and Impurities of the Blood.

Twin Foes to Life

Are Indigestion and Constipation. The primary symptoms are among the most distressing of minor human ailments, and a host of diseases, speedily resultant from them, mutually aggravate each other and assail at once the whole machinery of life. Nausea, Foul Breath, Sour Stomach, Dizziness, Headaches, Bilious Fever, Jaundice, Dyspepsia, Kidney Diseases, Piles, Rheumatism, Neuralgia, Dropsy, and various Skin Disorders, are among the symptoms and maladies caused by derangement of the stomach and bowels.

Thorough Purgative

medicine is the first necessity for cure. Then the catharsis effect must be maintained, in a mild degree, just sufficient to prevent a recurrence of costiveness, and at the same time the liver, kidneys and stomach must be stimulated and strengthened.

Ayer's Pills

Accomplish this restorative work better than any other medicine. They are searching and thorough, yet mild, in their purgative action. They do not gripe the patient, and do not induce a costive reaction, as is the effect of other cathartics. While, they possess special properties to liver, hepatic and tonic, of the highest medicinal value and

Absolutely Cure

All diseases proceeding from disorder of the digestive and assimilatory organs. The prompt use of AYER'S PILLS to correct the first indications of costiveness averts the serious illnesses otherwise of that condition would inevitably follow. All irregularities in the action of the bowels, looseness as well as constipation, are beneficially controlled by AYER'S PILLS, and for the stimulation of digestive organs weakened by long-continued dyspepsia, one or two of AYER'S PILLS daily, after dinner, will do more good than anything else.

Leading Physicians Concede

That AYER'S PILLS are the best of all cathartic medicines, and many practitioners, of the highest standing, customarily prescribe them.

CURE FOR PILES.

Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, flatulency, uneasiness of the stomach, etc. A moisture, like perspiration producing a very disagreeable itching, after getting warm, is a common attendant. Blind, Bleeding and Itching Piles yield at once to the application of Dr. Bosanko's Pile Remedy, which acts directly upon the parts affected, absorbing the Tumors, allaying the intense itching, and effecting a permanent cure. Price 50 cents. Address The Dr. Bosanko Medicine Co., Piqua, O. Sold by Kimbrough & Eastland. Feb. 10

Demorest's Magazine for January, 1886, is unusually bright and entertaining. Julian Hawthorne's story is completed and a serial entitled "That Other Person," by Mrs. Alfred Hart is commenced. Other good articles are "Victor Hugo," "The City of Skulls" and an "Orange Grove." "A plea for the Jig-saw and Jack-knife" will claim the attention of those who desire to beautify their homes inexpensively. The departments devoted to fashion, art, housework and decoration are very full, and the pictoral illustrations are excellent. The frontispiece, "Naughty Boy," is a new method of photogravure; and the admirers of Raphael will be pleased to see an engraving of his fine painting, "St. John in the Desert," which adorns this number.

KEYNOTE TO HEALTH.

Health is wealth. Wealth means independence. The keynote is Dr. Bosanko's Cough and Lung Syrup, the best cough syrup in the world. Cures coughs, colds, pains in the chest, bronchitis and primary consumption. One dose gives relief in every case. Sold by no other. Price 50 cents and $1.00. Samples free. Sold by Kimbrough & Eastland. dec15-d&w-tf.

The Knoxville Journal is opposed to the rejection of any democratic appointment by the senate merely that his predecessor may be restored to office. The Journal is so obviously right that we would be greatly surprised to find the republican senators advocating any other policy. Captious hostility to democratic appointees could only harm them and strengthen the democrats.—Memphis Avalanche.

Henry's Carbolic Salve.

The best salve used in the world for Cuts, Bruises, Piles, Sores, Ulcers, Salt Rheum, Fever, Chapped Hands, Corns, Felons, Burns, and all kinds of Skin Eruptions, Freckles and Pimples. The salve is guaranteed to give perfect satisfaction in every case. Be sure you get Henry's Carbolic Salve, as all others are but imitations and counterfeits.

Jennie June, in one of her fashion letters, says: "Striped silk umbrellas are now taking the place of striped stockings among ladies of fashion." Of course Jennie don't mean this literally; even the most ignorant can readily see that a lady cannot wear an umbrella as she does a stocking. Nor is it likely that ladies fashion carry a striped silk umbrella and go without stockings altogether at this time of the year. Fashion writers should be careful in their statements.

Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. jul 10-d-eod-a-w-ly.

ANNOUNCEMENTS.

CAPT. W. W. GEORGE is announced as a candidate for Councilman in Ward One.

The friends of P. H. BAUGH announce his name as a candidate for Alderman from Ward One.

J. L. HANDLEY is announced as a candidate for Councilman in the Third Ward by many friends.

MR. E. P. CARGO is announced by his friends, as a candidate for Councilman in Ward Three.

The friends of Dr. R. H. WHITFIELD announce his name as a candidate for Councilman from Ward Four.

We are authorized to announce the name of JOHNNIE BROACH as a candidate for Councilman from Ward Two.

The friends of L. A. RAGSDALE make the announcement of his name as a candidate for Council man from Ward Five.

We are authorized to announce the name of S. A. WITHERSPOON as a candidate for Alderman from the First Ward at the ensuing January election, to fill the place made vacant by the resignation of Alderman Latham.

THE NEW PAPER.

It is pretty generally known inside the city that a stock company has been organized here for the purpose of publishing a morning paper with the Associated Press dispatches. At a meeting of the stockholders, last week, a board of directors was elected, with Capt. J. P. Walker President, and invested with full power to prepare a charter and do such other work as was necessary to put the enterprise in motion. The new paper will be based upon the consolidation of the MERCURY and Tribune, and consolidation has already been effected. At a subsequent meeting of the board the committee on a [illegible] reported back the [illegible] adopted, incorporating under the name of [illegible] and Publishing Company. At a meeting of the board, last [illegible] the work of starting the paper was [illegible] in detail. It was decided to get out the first issue of the paper, with full telegraphic reports, on Tuesday morning, the 5th day of January. The salaries of the Editor, City Editor and Business Manager were fixed and the places tendered to E. H. Dial, Jere Horn and F. C. McGee in the order named

Until the charter can be obtained, and the company organized, under its provisions, the present organization is temporary. The name of the new paper has not yet been decided upon, but probably will be at the meeting of the board of directors next Thursday evening.

We will publish the charter to-morrow morning, and lay the plans and purposes of the new paper before the public in detail.

Go to the ball at the Rink X-mas night.

Don't forget the opera to-morrow night.

If you don't dance go and see other people dance at the Rink X-mas night.

Select your Christmas presents from the beautiful stock of A. G. Friederitce on Front street.

It is beginning to look very much like Christmas. The fire-works are already becoming a nuisance.

The name of Mr. Milton Ramsey, announced yesterday morning for Councilman, has been withdrawn.

On Monday night, at the residence of Dr. M. L. Thompson, were married Mr. J. O. Nicholas and Miss Alice Thompson.

The weather is charmingly pleasant, and the streets are thronged daily with ladies, making their Christmas purchases.

The raffle, gotten up by the Catholic ladies, on the elegant diamond ring will come off this afternoon at 2 o'clock, at the Fair Grounds. The ring is to be shot for.

The MERCURY is reduced in size this morning for want of our regular size of paper. We received a shipment of paper yesterday, but our daily size was six instead of seven columns, (a mistake of the shipper) hence the change.

The Opera Company will be here to-morrow morning, and will have the whole day to rest before appearing at the Opera House to-morrow night. It is a grand company, and will give the people a grand entertainment. Those parties who reserved seats should not fail to do so at once. You rarely have such a treat offered you.

Rev. Mr. Starkweather has purchased the lot lying between Dr. Edwards' and Mrs. Silberstein's property, now occupied by Col. Blewett. It is probable that the House of Rest Stock Company will sell the property off of Mr. Starkweather's hands and build the House of Rest there. It is an elegant site and being near the Episcopal church, is admirably suited for that purpose.

New Year's Calls.

Ladies intending to receive on the 1st of January will please send in their names to the MERCURY by the evening of the 30th.

Every one will be at the Rink X-mas night to dance and see the fancy skating.

The Catholic Fair.

The Fair given by the ladies of the Catholic Church for the benefit of the new edifice proposed to be erected in our city has been a great success. It closed Monday night, and the amount realized will be over $700. We have been able to get but an imperfect report of the amount realized at the different tables, but the following is about correct: Mrs. Kearney, O'Neal, Rose and Miss O'Rourke, $240; Mrs. Sheehan and Scully, $135; Mrs. Dr. Griffin, Mrs. Charpentier and Miss Ella Scanlan, about $90; Mrs. M. R. Jones, $50; Misses McDavitt and L. Meenan, about $67: Mrs. B. Daly, $86; Mrs. C. Miller, $45; Mrs. Ella O'Neal, $35.50; Miss Seiter, $10.25; Miss Troy, $8.50; Mrs. Dobson, $6.75. A number of other ladies were conspicuous for their exertions, whose names we cannot now recall, but we must not omit that of Miss Emma Jacobs, daughter of Rabbi Jacobs, who is indeed an earnest worker.

The chances in the various articles were shot for, and as they were called by numbers we could not get the names of the winners. No. 231, held by Mr. J. Kearney, won the China set. No. 26 won the velvet rug and No. 83 the turkey, and have not been called for, the winners not being present. The diamond ring and the silk quilt will be shot for to-day.

Lucky Man.

Mr. W. S. Harris, of the firm of Harris Bros., of this city touched the Little Havana Lottery for $2,500 at its last drawing on the 19th inst. He, and his brother Bob, and their book keeper, Mr. Burton, sent on and bought six tickets. When the tickets came they divided them among themselves and thought no more until Mr. Burton, who made the purchase in his own name, received notice and a congratulatory letter from the company's agent, in New Orleans, that his ticket, No. 6,490, had drawn the capital prize, of $10,000 in the Little Havana Lottery. This ticket was a fourth ticket and cost one dollar, and entitles the holder to one fourth of capital prize which is $2,500. In the division of the tickets, Mr. Wm. S. Harris was the lucky man, and is the sole beneficiary in the winning of the lucky number. He has not yet received his money, but will as soon as the list arrives in New Orleans from Havana, which the company's agent says will be about next Saturday.

Personal Mention.

Mr. A. J. Bussey is home for the holidays.

M. J. L. Hoye, of Decatur, Miss., was in the city yesterday.

Mr. J. B. Watts, of Lauderdale, was in the city yesterday.

Mr. H. H. Hargrove, of the Picayune, returned to New Orleans yesterday morning.

Messrs. D. W. Mitchell, E. W. Hooks and R. L. McCormick, of Livingston, Ala., were in the city yesterday.

General Superintendent Carroll and Superintendent of Motive Power Meehan, of the Q. & C., arrived in the city by special train yesterday.

Miss Maria Frederitce, who has been attending the Female College at Brookhaven, has returned to spend the holidays. She was accompanied by one of her schoolmates, Miss Lovie Webb, of North Louisiana.

The Academy Opera Company, of Baltimore, at the Opera House to-morrow night, in "Fra Diavolo."

A couple of cotton wagons arrived in the city yesterday afternoon that attracted attention. They were from the northwestern part of the county, and the property of Mr. B. F. King. The front wagon was a little wagon, drawn by a little yoke of oxen, and freighted with a little negro driver and a little bale of cotton. A streamer from a pole, worked into the bale of cotton, bore the name of "Fore Runner." This little wagon was followed by a big wagon drawn by four yoke of oxen and driven by a big negro. It was loaded with 16 bales of cotton, and bore the inscription, on either side, "The Northwest and Southeast piney woods Schooner from King's Landing." They were the smallest and largest loads of cotton ever brought to this market on one wagon.

Don't forget the ball and the fancy skating at the Rink Christmas night.

At a meeting of the Board of Councilmen, night before last, the petition of Morris Danheiser came up for consideration, and an order was spread upon the minutes concuring in the action of the Board of Aldermen which Board granted him license. Mr Danheiser took out his license yesterday and commenced to retail. He keeps a nice and orderly place, on Johnson street, and invites his old patrons and the public to give him a call.

Local Notice

Having decided to reduce prices on all grades of coal and put it on a cash basis, we will, on and after Dec. 1st, sell as follows:

Montevallo Coal, $5.50 per ton, delivered; cash; Montevallo Coal, [illegible] cts. per barrel, delivered, cash; Brierfield Coal, 45 per ton, delivered, cash; Brierfield Coal, 60 cts. per barrel, delivered, cash; Walker County Coal, $3.50 per ton, delivered, cash; Walker County Coal, 50 cts. per barrel, delivered, cash

In trying to do a cash business, we mean no reflection on a single one of our customers. We find that it costs us about $200 per month to run a credit business, and we are willing to give this reduction to a cash trade.

We rate coal in this market, and our lowest grade is warranted equal to any coal here not sold by us.
